

END TO END TECHNOLOGY SOLUTIONS

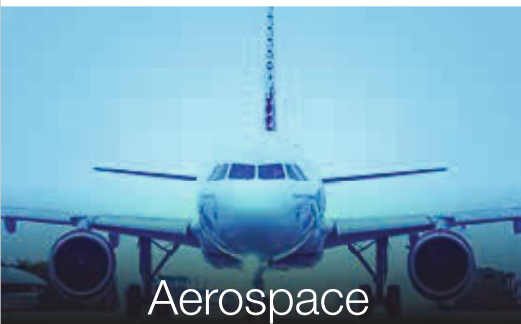

AXISCADES IS A LEADING PRODUCT ENGINEERING SOLUTIONS COMPANY.

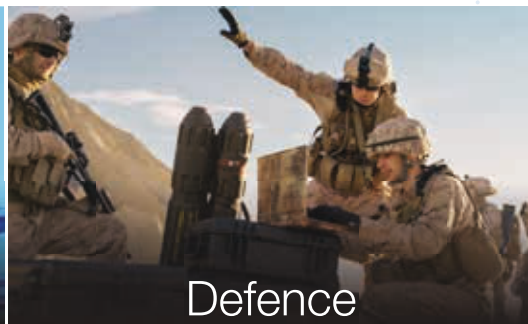

Product Engineering Solutions

Mechanical Engineering
 Embedded SW and HW
 Digitization & Automation
 System Integration
 Test Solutions
 Manufacturing Engineering
 Technical Publications
 Aftermarket Solutions

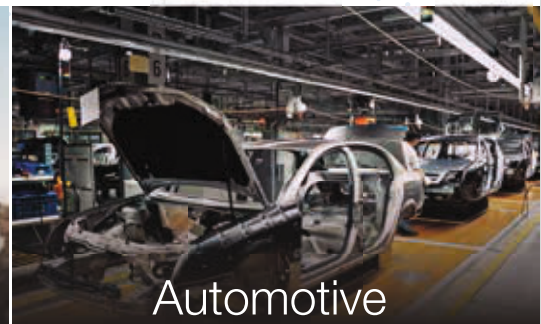

- Design
- Development
- Lifecycle

Aerospace

Defence

Automotive

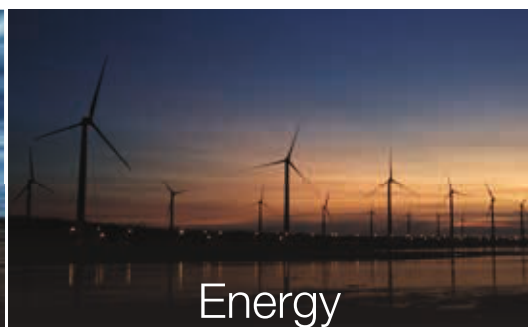

Concept Design
 Structures & Interior Engineering
 Avionics | Manufacturing Support

Electronic Warfare Systems | System Integration
 Simulators | Test Solutions | SCM
 Offset Management | RADAR & SONAR Systems

Design | Analysis | NPD
 Telematics | ADAS | AUTOSAR
 HMI

Heavy Engineering

Energy

Medical & Healthcare

Design | Analysis | NPD | CPD
 Vehicle Engineering | Telematics
 Fleet Management

Mechanical & Electrical Engineering |
 Siting | Automation | IoT

Patient Monitoring & Hospital Equipment
 Wearable Electronics | Remediation
 System Engineering

Product Design & Definition

CAD Modeling & Detailing
Packaging Plastics, Sheet Metal
DFM/ DFx/ FMEA Studies
Design Automation

Engineering Analysis & Certification

Structural Analysis Linear & Non-Linear
Thermal and Electro Mechanical Coupled Analysis
CFD, Multi Body Dynamics & Kinematics Studies
Optimization Light Weighting & Performance

Embedded & Electronics

Firmware Development
Hardware Engineering
Application S/W & Mobile Apps Development
V&V and Testing
IoT Analytics, AI, Advanced Analytics

Manufacturing Engineering Services

Virtual Manufacturing & Facility Layout Design
Prototyping & Manufacturing Support
Tool & Mold Design
NC & CNC Programming
Supply Chain Management

Systems Installation

Harness Layout Design and Installation
System Integration & Validation
Flammability Reports
Mechanical / Electrical Routings
Plumbing and Tubing
Design Automation

Product Sustenance

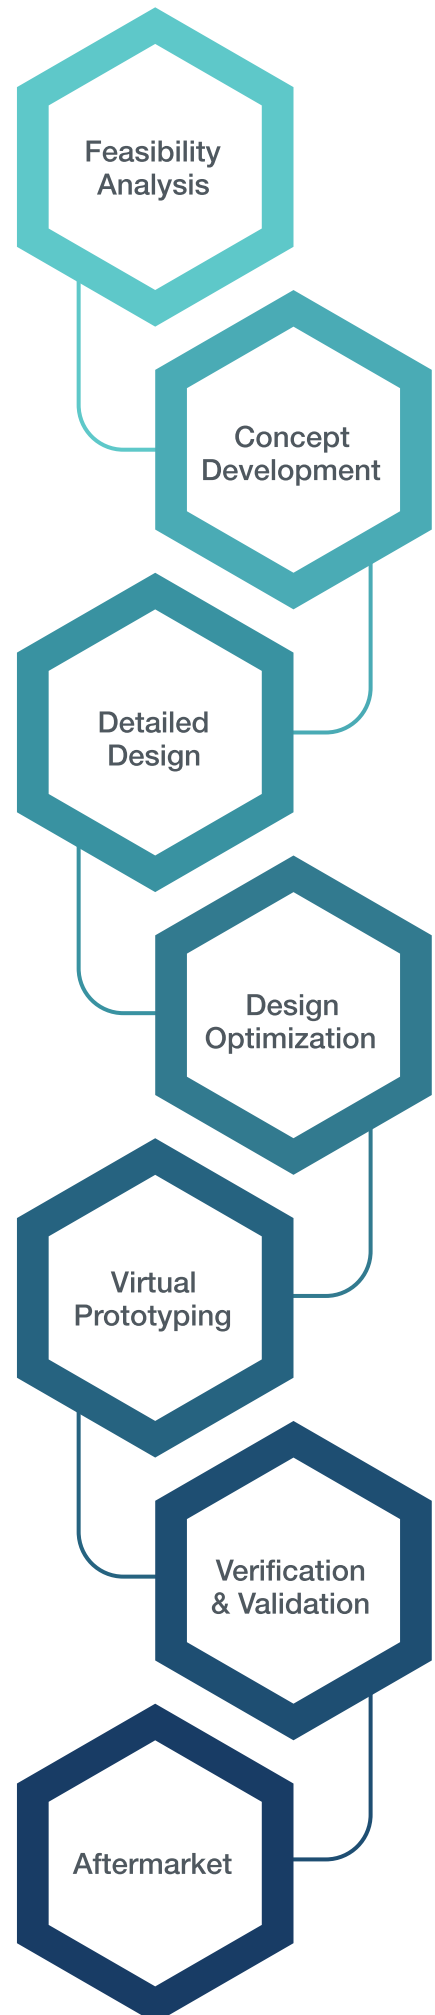

Defect Management
Cost Take Out / Value Engineering
Localization
Legacy Conversion
Obsolescence Management

PLM & Engineering IT

PLM Implementation, Integration & Operations
CAX Packages Customization, Functionality Enhancement
& Maintenance
Custom Engineering Application Development &
Maintenance
Design Automation

After Sales Product Support Services

Platform Migration
Technical Publication
Reverse Engineering
Engineering Change Management ECO/ ECR
Durability and Warranty Study

AXISCADES is a leading, end to end technology solutions and product company. We bring expertise that caters to the digital, engineering and smart manufacturing needs of large enterprises. With decades of experience in creating innovative, sustainable and safer products worldwide, AXISCADES delivers business value across the entire engineering lifecycle.

Our deep domain expertise and engineering solution portfolio covers the complete product development lifecycle from concept evaluation to manufacturing support and certification for the Aerospace, Defense, Heavy Engineering, Automotive & Industrial Products, Energy and Medical Devices.

AXISCADES is headquartered in Bangalore and has offices across India, North America, Europe and the Asia Pacific region.

Global Footprint, a step closer to customers

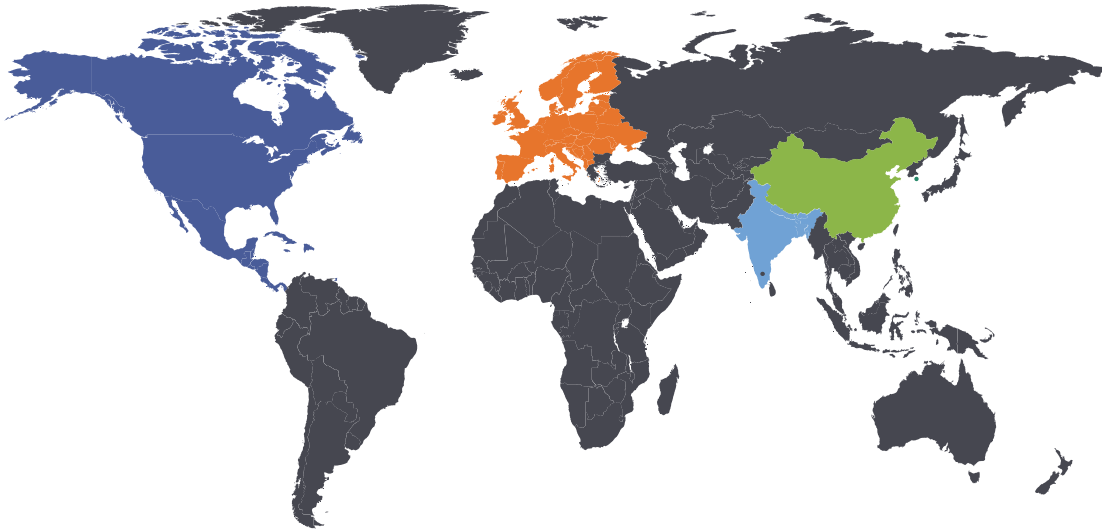

Multinational teams
Engineers delivering customer delight

3500+

17

Global Engineering Centers

State of art Global Engineering Centers to reduce the program risk & time to market

North America

Peoria, Illinois - USA
Columbus, Indiana - USA
Tucson, Arizona - USA
